

**In relation to the switch  
to distance learning from 17.03.2020**

**Department of Histology, Cytology and Embryology  
informs you that:**

1. The timetables of the computer tests will be published at the department's page (<https://www.orgma.ru/kafedry/kafedra-gistologii-tsitologii-i-embriologii/informatsiya-dlya-studentov/>).

2. The testing will be assigned strictly according to the schedule. Two attempts are given for each testing. The results of the test and the score for it will be recorded in the register book with the rating calculation, as well as lecture reports.

**Skipping a test is considered skipping a practical class or lecture!!!**

3. Please, pay attention that when preparing for the test, you need to study the following materials posted on the Department's page, in the section "Информация для студентов»:

- PPTs of the Lectures;
- Atlas «General histology».

4. Don't forget to prepare protocols of the missed classes in your album.

Head of the Histology, Cytology and  
Embryology Department,  
D.M., Professor

Alexander A. Stadnikov
